

# CarriageCoat

**SPRAYABLE UNDERCARRIAGE PROTECTION**  
SEALANT

## Product Overview

CarriageCoat is a highly versatile sealant that will adhere to and protect the undercarriage of any vehicle. CarriageCoat provide excellent sound deadening properties in addition to its resistance to corrosion and wear. CarriageCoat Rapid Build is progressively applied to the undercarriage of cars, trucks, buses and heavy equipment using a hand-held spray gun to a range of thicknesses.

CarriageCoat Rapid Build is progressively applied using a hand-held spray gun or brush to a range of thicknesses to provide a seamless finish and cures within a few hours or days. It is highly puncture resistant, as well as resistant to ultraviolet light. CarriageCoat is a cost effective way to provide long term rust resistance to vehicles. Once applied, CarriageCoat sets to a completely waterproof, durable and highly flexible membrane

## Quick Facts

- Allows for thicker coverage of areas
- Spray on application provides the shortest and most efficient application time
- Fast curing
- Excellent surface adhesion – including to damaged areas
- Excellent resistance to temperature variations
- Excellent sealing properties (leak proof)
- Resistant to ultraviolet light
- Can stretch 850% and completely recover using its memory technology
