APPROVED INSTALLER:

Eight Six Seal

PRODUCT USED:

VersEseal Rapid Build &
VersEseal Top Coat

In the heart of Brisbane, this church was in need of roof encapsulation to rectify leaks and ensure its longevity and protection. With the bustling activities of the congregation, it was essential to choose a waterproofing solution that allowed the church to remain open at all times.

When it comes to preserving the integrity of your roofing projects, VersEseal Waterproofing Membrane is the trusted choice for professionals including our applicator for this project Eight Six Seal. Our commitment to quality and durability shines through in every application, as demonstrated by one of our recent projects at a church in sunny Brisbane, Queensland.

The church's 800sqm roof was coated with VersEseal Rapid Build and VersEseal Top Coat in white. These products were selected for their ability to work together effectively, creating a durable and waterproof solution for the church's metal roof, all while allowing the church to remain open seven days a week.

The resounding success of this undertaking can be attributed to VersEseal's defining features:

- Dependable Adhesion: For a resilient membrane system.
- Comprehensive Leak Protection: Ensuring every roof is meticulously sealed.
- Efficient Application: Minimal disruption and less risk than a full roof replacement.
- Flexible Durability: To accommodate structural movement and temperature changes
- A Cost Effective Solution: At approximately 35% of the cost of re-roofing.
- Certified to AS/NZS 4020:2018 for Potable Water: Making it suitable for roofs where drinking water is collected.
- Certified to AS 4654.1 Class 3 External Above Ground UV Exposed Membrane: Making it perfect for roof applications where UV resistance is critical.
- Reduced Ongoing Cooling Costs with VersEseal Top Coat: By reflecting sunlight and decreasing heat absorption, offering a more thermally balanced environment.

Nestled in Brisbane's vibrant community, this church now stands as a testament to VersEseal's expertise, ready to endure the elements for generations. VersEseal isn't just about waterproofing; it's about providing reliable, practical solutions that speak for themselves. Join our satisfied clients and experience the VersEseal difference.
